

A Penny A Day

GET INVOLVED

Getting involved with the A Penny A Day program is simple. By following the steps below, you'll be able to get started today with helping a not-for-profit organization begin a small but sustainable donation schedule.

1. Print this document and cut off both the Pledge Coupons and Receipts.
2. Complete the Pledge Coupon by supplying your name, the organization to which you wish to donate, the dollar (or cent) amount you wish to pledge per day, how often you will supply the donation to the organization, and the date through which you will continue to donate. Be sure to pledge *at least* a penny a day.
3. Copy these details to a Pledge Receipt, and keep the receipt with your checkbook as a reminder to maintain your contribution.
4. Mail in the Pledge Coupon to the recipient with your initial contribution.
5. Spread the word. Tell at least two family members or friends about A Penny A Day. The program's success will depend on how many individuals, such as yourself, are willing to contribute in small ways, everyday.
